NO. 7

NEWS OF THE VICINAGE.

At Miller's Creek, in Estill county, Bud Abney was shot and killed by Andrew Johnson. Johnson surrendered at Irvine.

John Burns has been appointed postmaster at Keno, Whitley county, D. M. Penn at Hollings, Casey county and C. Reynolds at Tyner, Jackson county. The case of Col. D. G. Colson, charged with the murder of E. D. Scott and L. W. Demaree, has been set for trial April 17 in the Franklin circuit court. Colson is very much improved.

Harriett Jones, a Negro, was captured in Danville and taken to Lexington. He is charged with murdering Harriett Fields, also a Negro, with an axe handle in that city seven years ago.

Leonard Smallwood, charged with the murder of Millard Hughes, refused to testify at London against M. L. Goff, charged with selling liquor, and the court ordered the jailer to keep him in a dark cell upon half rations until he agreed to talk.

In Bell county John Langley and Moses Sopher had an altercation in which Langley and Sopher were both killed and a man named Johnson seriously wounded. It occurred over Langley arresting Sopher two years ago while constable, on a charge of obtaining goods under false pretenses.

Adolph Kunz, a prominent London druggist, took an ounce of laudanum with suicidal intent. Drs. Ramsey and Caldwell were called in as soon as it was learned that Kunz had taken the drug, and they tried for hours to restore him to consciousness, but failed, and he died. He married a Miss Shanks of Louisville and they have eight children. Business reverses are said to have caused the rash act.

Miss Mary Robertson, one of Danville's most beloved women, died Tuesday night of paralysis. She was a daughter of the late A. S. Robertson, and a sister of Messrs. Rufus, A. B. and A. S. Robertson and Mrs. W. G. Dunlap, of Danville. She was greatly beloved by all who knew her and many there are who will weep with those of the stricken household. She was a member of the First Presbyterian church and it did not number in its congregation one more loyal. As an humble follower of the Master, as a King's Daughter, going about quietly doing good, as a tender daughter and gentle sister—in a word, as a lofty, high-minded Christian lady and noble woman—she will be remembered by those who knew her best. She has gone to lay at the feet of her Master the stainless record of a beautiful life.—Advocate

WHITE WASH.—The season for applying it being at hand we give the recipe used in making it for the White House at Washington: "Take a half bushel of unsalted lime, slake it with boiling water, cover during the process to keep in steam, strain the liquid through a fine sieve or strainer, and add to it a peck of salt, previously dissolved in warm water; three pounds of ground rice boiled to a thin paste and stirred in while hot; half a pound Spanish whiting and one pound of glue, previously dissolved by soaking in cold water, and then hanging over in a small pot hung in a larger one filled with water. Add five gallons of hot water to the mixture, stir well, and let it stand a few days covered from dirt. It should be applied hot, for which purpose it can be kept in a portable furnace."

A. R. De Pluett, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Craig & Hocker druggists, Stanford Ky.

RAILROAD BARGAIN DAYS to points in the Northwest. Seldom, if ever, will such low rates again be made to Minnesota, North and South Dakota, Montana, Idaho, Oregon, Washington, Utah and British Columbia as now. In effect from Louisville by the Monon Route. They will close on March 20th positively. Full information, also maps and time tables, will be furnished on request by E. H. Bacon, D. P. A., Monon Route, Louisville, Ky.

VOLCANIC ERUPTIONS Are grand, but skin eruptions roll life of joy. Bucklen's Arnica Salve cures them, also Old Sores, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Heat Pile Cuts on Ear, Itches out Pains and Aches. Only 25c a box. Cure guaranteed. Sold by Penny Drugist.

The Stonewall Jackson Memorial Association has been incorporated in Virginia. The object of the association "is to procure, by purchase, the Chamberlain house, in Caroline county, Va., in which Stonewall Jackson died, together with the farm on which the house is located, and to preserve the house as nearly as can be in its original form, and to collect therein such furniture, portraits, books, manuscripts and other relics as were possessed by him or connected with his career."

BISMARCK'S IRON NERVE Was the result of his splendid health. Indomitable will and tremendous energy are not found when Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Penny's drug store.

MT. VERNON.

Early gardeners are feeling like digging up their planted seeds.

G. T. Johnson has moved into his new and commodious store-house at Orlando.

D. S. Purdon has moved to his new dwelling on Williams street. W. J. Sparks was in Louisville yesterday.

N. I. Buster, the Illinois owner, is out from Boyle county. He is making preparations to do a large business this season.

Dr. Davis has our thanks for news items given during the past several weeks. Doc recalls all the news that passes his way.

The old brick hotel on Main and Church streets will shortly be remodelled and lower story changed into two store rooms, both of which have been engaged by business men.

County Attorney Colyer, who is an ardent Baptist, claims that Thomas Jefferson got his ideas of formation of democratic party from the laws and rules of the Baptist church.

Here's a portion of an editorial from the Louisville Dispatch: "This circulation is among the solid, substantial citizens of both city and country, and not among the red-mouthed politicians, who were so loud in their initial support of the paper." So those "2,000 democratic stockholders" are now labeled red mouthed politicians. Pretty good.

That freak spring mentioned in the last week's Signal is not a hoax as most every one believed on reading the article. A white sediment still flows from the spring and on coming in contact with the air it crystallizes and has banked up along the stream for several hundred feet. Live stock will not drink the water and the people are afraid of it. Another spring on about the same elevation half mile around the mountain is doing the same freakishness. These springs are in Dry Valley, five miles South of this place.

Thomas Capps, of Brodhead, this county, who is soldiering in the Philippines, says in one of his late letters that while on outpost duty a sharpshooter belonging to the enemy dropped one of the American guards by a ball thro' the ankle. It was just before daylight. Young Capps kept his eyes peeled and it wasn't long before the top-knot of a Tagal appeared from behind a tree. Rockcastle marksmanship came into play. When daylight came Capps went out to discover the result of his shot. He found a man lying apparently dead, but when he reached the body it suddenly jumped up with a big knife and made for Capps, who, being of an athletic nature, overcame the man whom he found had a furrow across his head from the shot fired by the American, who made a prisoner of his antagonist.

D. S. McKloney and Squire Russell Dillon were up from Livingston Monday. Joshua Boring, Jr., is staying in postoffice while Mrs. Baker is on a trip to Louisville. W. C. Symphon was here from Pine Hill Tuesday. E. T. Fish is here for a few days and is selling tobacco to our merchants. He has a nice position with a large Louisville factory. W. J. Sparks was appointed assessor of Farmer & Powell, the Livingston merchants. Agent Farmer, of Brodhead, is able to hubble about the depot with a crutch. Mrs. Martha Schooler, of Garrard, is visiting the family of Willie Adams. The writer was in Crab Orchard yesterday and met the famous story teller of Garrard. He told a few and kept the crowd at Stuart's sale in a good humor. M. J. Harris, of Crab Orchard, like the writer, has no fears of the number 13, but is rather inclined in its favor as a luck producer instead of being unlucky.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a terrible tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the unmatchable merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

The souvenir badge of the Confederate reunion at Louisville, May 30-June 3, will be a celluloid canteen with the profile of Winnie Davis, daughter of the Confederacy, on one side, and the Winnie Davis rose on the other.

\$100 REWARD.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials.

The State Board of Pharmacy has decided to enforce the law which requires that all persons selling medicine in this State shall be graduated pharmacists and shall have certificates as such from that board. R. J. Casady of Lexington, has been employed as special agent to prosecute offenders.

CRAB ORCHARD.

Hay is becoming scarce, but our "Exchange" manages to keep a supply for his customers.

Eld. J. S. Brewer, of Louisville, is spending a few days here and is preaching some very interesting discourses at night at the Christian church.

Eld. Wheatly, of Danville, preached at the Baptist church Sunday morning and night, but the weather being very inclement, not many had the pleasure of hearing him.

There was a large crowd at the sale of Mr. Wm. Stuart, but he thinks everything brought only a reasonable price. The farm was not rented as the highest bid was only \$90.

Hon. D. B. Edmiston came over from Camp Nelson and spent Sunday with his family. Dr. T. J. Pettus made a visit to Louisville to see his daughter, Mrs. Maud Campbell. Mrs. J. P. Cummins, of Stanford, is visiting her father, Dr. Pettus, and family.

Miss Annie Bronaugh has returned from a protracted visit to Livingston and Pineville and is now quite ill at her country home. Mr. T. J. Noce, of Woodford county, spent a day or two with his daughter, Miss Rosa, who is attending College Home School. Mrs. Capt. Dillon has returned from her visit to Jessamine. Mrs. Kittle King will move her millinery store to Mrs. J. Buchanan's store on Main Street, next to Robt Edmiston's dry goods store. A. H. Bastin, of Lancaster, was here this week. Miss Capitola Slaughter has been very much worse for several days, but is resting more quietly at this writing. Kilburn, Stuart has been mingling with home friends for some days. Mrs. B. Alexander, of Liberty, Mrs. A. Gaines, of Spencer, and Mrs. Nayfield, of Halsey, are visiting their father, Mr. Stuart. Messrs. Carpenter and Holman Stuart, with their wives, attended their father's sale. Mr. Joe Brooks was with his mother and sister Sunday.

HUBBLE.

J. W. Bourne lost his gold watch as he went from here or after he got home a few days ago, and offers \$5 to the finder.

Meadams L. C. King and F. P. Bishop are each getting from nine to 12 dozen eggs per day from about 150 Leghorn hens, while others in the community, with as many hens of another kind, are buying eggs to eat.

Miss Janie Feland's school still increases, and she now has a good full attendance. Wm. Crutchfield has gone to London to work on the railroad. Mrs. B. W. Givens is at the Joseph Price Infirmary for treatment for a few weeks. We hope she will return much improved. Mrs. Henry Spoonamore is back from visiting relatives to Garrard. Mr. Estus gives our mail line up the last of July. Miss Mary Etta Carman is in Lexington with her sister. Cattle Eubanks has returned from Yeager's saw mill in Casey.

R. L. Hubble sold a young unbroke jack to some Indiana parties for \$110. James Ross has rented four acres of tobacco land from C. P. Blanks for \$12.50 per acre. D. N. Prewitt raised 1,300 bushels of Irish potatoes from two acres of land. J. J. Walker has 91 lambs from 15 ewes. Thomas Hackley sold 2,000 pounds of honey from 20 bee hives to one season, after taking family use out. George Wood sold some sheep for butcher's stuff to Jess Lynn for 5c. S. Dunbar sold some sheep to D. N. Prewitt at 40c. D. C. Spoonamore bought 113 acres of land adjoining him from Tom Baughman at about \$33 per acre. Mack Eubanks sold some fat hogs to D. N. Prewitt for 40c.

"THE LAND OF THE SKY" COUNTRY.

The mountain section of Western North Carolina, where the Southern Railway crosses the Allegheny Mountains, is one of the most beautiful countries on earth, with climatic advantages second to none. This country is known as "THE LAND OF THE SKY," and in this "Land of the Sky" are situated the attractive Resorts of Asheville, Hot Springs, Tryon, Black Mountain, etc. At those points, as well as many others, there are superior hotel accommodations and visitors to this wonderful country find it all seasons of the year most advantageous.

Adjacent to "The Land of the Sky" is what is known as "The Sapphire Country," which is reached by the Southern Railway via Asheville, Hendersonville, N. C., to Brevard, N. C., thence by stage through a wonderfully interesting country. The Sapphire Inn, on Sapphire Lake, furnishes good accommodations, and Fairfield Inn, on Fairfield Lake, is a large hotel, just completed and being extensively patronized by visitors from all over the United States.

The average altitude of the Sapphire Country is 3,000 feet above the Sea level. The country is most attractive, not only as summer, but also as a winter and Spring Resort.

Folders, maps and other information mailed free to any address by W. H. TAYLOR, A. G. P. A., Louisville, Ky.

The official report of the railroad commission shows that there is a total of 3,065 miles of railroads in Kentucky, valued at \$16,403,819. Indiana's assessment is \$15,659,348 on 6,399 miles. Dr. Hunter McGuire, of Richmond, the eminent Virginia surgeon, who was Stonewall Jackson's chief medical officer, suffered a stroke of paralysis. His condition is critical. Congressmen and Senators have 15,000,000 packages of seeds to distribute among their rural constituents.

LANCASTER.

In the circuit court, Bradley Storines was sent to jail for four months for stealing a check from Mrs. H. C. Kaufman.

Miss Dora Gastineau has been sick, but she is much better. Mr. J. T. Hays has gone to Louisville to have a surgical operation performed.

On Wednesday Mr. Lewis Harris, aged 40, a highly respectable citizen, died at his home near McCreary, of spinal trouble. The remains will be buried today, Thursday, in Lancaster cemetery.

Col. W. S. Miller has returned to Knoxville, after a pleasant visit with friends and relatives. Mr. John Shea has returned from Louisville much improved in health. Ex-Gov. Bradley spent Wednesday at home. He says the republicans are sure to win, but he always said that about his ellect no difference what kind of a case he had. He favors rushing the case through for the public good. Senator Farris showed me a group of the pictures of the democratic Senators and it is a body of fine looking men, among whom none are more handsome than he. Our people are justly proud of Senator Farris for the ability and courage displayed by him in the last session. Messrs. C. C. Fox, Robt. Harding, Luther Stodg-bill and J. R. Dodd, of Danville, and R. C. Warren, Harvey Helm and W. E. Varson, of Stanford, attended court this week. The Lancaster Lyceum Co. has a contract for Gen. John B. Gordon to lecture here May 24, during the session of the G. A. R.

In the circuit court Monday, the case of John Smith against Mrs. Ballard, was dismissed, the plaintiff having failed to institute proceedings within the required time prescribed by law. Garfield Gay was fined \$20 for trespass. The case of the Lincoln county court against the Garrard county court, for a disposition of \$1,300 arising from the sale of the part of the Lancaster and Stanford turnpike lying in this county, was settled by agreement, D. W. Vandever being allowed \$350, W. H. Kincaid, treasurer, \$250 and the Lincoln county court \$330, the residue to be divided among the individual stockholders. The grand jury adjourned Wednesday, returning 42 indictments, three-fourths of which were for the illicit sale of whisky. William McDonald confessing in two cases and going to the work house to pay \$50. "Sweetie" Gill, colored, was arrested and locked in jail for same offense. Twelve indictments were returned against the L. & N. for failing to keep the track in proper condition. Eighteen indictments were returned against Hunley Singleton for the unlawful sale of whisky. He gave five good men on bond for his appearance next court, worth in the aggregate about \$75,000. Judge C. H. Breck, of Richmond, was of counsel for the defense in the Smith-Ballard case. No district in the State has a more capable and energetic judge and prosecuting attorney than Judge Sautey and Hon. J. S. Owsley. The validity of the warrants issued by the city court, for the unlawful sale of whisky, was ably argued by Tomlinson, Williams and Walker, involving the question of conflict between the city ordinance and the general law and the question whether local option prevails. The court has the case under consideration. The case of Squire Burton against the city of Lancaster for damages incurred by falling into an excavation at the Miller Hotel, was begun Wednesday and is attracting much attention. Arguments are being made this, Thursday morning, by Letcher Owsley, Harding and Tomlinson for the plaintiff and Capt. Herndon and W. I. Williams for the defendant.

LATER.—Squire Burton got a verdict for \$650 against the town.

Writing from McKloney to the Somerset P. H. Journal, B. K. M., of McKloney, says: "It has been suggested by a good democrat here that since Taylor is a bankrupt it would be a good idea if he would give himself up, claim the reward for the assassin, give it to his invalid wife, and then, by due process of the law, pass away to his reward in a future world. It was also suggested by another democrat that since the republicans were generous enough to furnish the gun, lead, powder and a man to kill Gov. Goebel, that the democrats should return the favor by furnishing the rope and a man to hang Taylor, according to law. A good move. Who'll second the motion?"

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold, we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Mearkle, General Merchant and Farmer, Mattie, Bedford county, Pa. For sale by Craig & Hocker, druggists, Stanford, Ky.

Kentucky needs less politics and more push; less guns and more gunpoint; less elections and more enlightenment; less promises and more performance; less murders and more manufacture; less railing and more railroads; less fires and more laborers.—Cynthiana Democrat.

THE INTERIOR JOURNAL

STANFORD, KY., - MAR. 23, 1900

W. P. WALTON.

ONE K. J. Hampton, of Winchester, who is in Washington hunting for a government job, is telling big stories, in order to secure it, of how the republicans are going to fight, if the democrats attempt to take the capitol building, when the appellate court hands down its opinion, as he alleges, "which, in my knowledge, is already written in the contest case thus far in advance of the litigation reaching that tribunal." "It seems certain," he adds, "that we shall have to fight and die for our liberties, and this we have made up our minds to do." This is big talk at long range, and is good evidence that if there is fighting to be done, "Cag" won't be there. No one, who knows the Kentucky republicans, who are bent on holding office, believe that they will fight, except from ambush with an unsuspecting foe, and the talk about a conflict is the merest bluff. With the gallows starting them in the face, didn't Powers and Davis, although surrounded by a car load of soldiers, who were trying to get them out of the way, give up without a word when a few determined civil officers at Lexington put them in the shackles? Men who wouldn't fight under such circumstances wouldn't fight at all and the two men named are but a fair sample of the gang, who, we are told, will fight and die for their liberties.

A SO-CALLED meeting of leading citizens is alleged to have been held at Lexington Wednesday to take steps towards the repeal of the Goebel law and rescue the State from Gobeism whatever that may mean. The Lexington Herald, which makes a big blow over it, is careful not to give names and the presumption is that the meeting was composed only of Col. Billy and Capt. Desha Breckinridge. A request for each county to send delegates to a convention at Louisville April 25 was made.

RUNNING newspapers as Christ would run them, seems to be the sad now and Sheldon imitators are springing up all over the country. It is a very foolish proposition in the first place and if there were patterns to go by, the attempt to discount them would be silly. The whole business is for money and notoriety. Who in this section would have ever heard of the Topeka Capital, had it not been for the advertising scheme?

THE Arkansas republicans passed a resolution of sympathy for Taylor in his troubles, but sympathy isn't what the impostor is hankering after. Money, money is the burden of his song and sympathy, unaccompanied by the cash, cuts no ice. It is stated, however, that up to this time contributions from Northern republicans, who are doubtless as much of a race as he is, have been received and the hat is still passing around.

GOV. BECKHAM shows his analogy by appointing Ed O. Leigh his private secretary. "Leigh is the best of fellows socially, knows everybody he ever met in the State and is the smoothest kind of a politician. An extra session of the Legislature is probable, but as the offices are not incompatible, under the constitution, the new appointment will not interfere with that of clerk of the House, which he filled so capably and satisfactorily in the stormy session just ended.

GOV. BECKHAM thinks that the provision of the constitution that State elections shall not be held the same year as National elections, will prevent an election for governor to fill the unexpired term of Gov. Goebel. So soon as his legal title will have been passed on by the court, proceedings will be instituted to determine whether the governor must be elected this year or next.

A MAN convicted and sentenced at Auburn, Ind., to 14 years for forging a woman's name and getting \$200 on it, secured an appeal on the grounds that the paper not having a revenue stamp on it, was in itself illegal and therefore void, and should not have been cashed. As the fellow said on drinking a certain kind of mineral water, "This is entirely too d—n technical."

HURRAH for Beckham! He is the man for the occasion. So long as he is governor no swaggering intimidator in soldier clothes or otherwise will run rough shod over the courts and citizens. Let them croak their fling to-day and many will be carried home in boxes, and not buried in the potter's field.

THE Tobacco Trust is responsible for the Porto Rican tariff bill passed by the Lower House of Congress at the dictation of McKinley. The Trusts of various kinds usually secure the legislation they want, when republicans are in charge.

JOHN D. ROCKEFELLER has proposed to give \$100,000 to Wellesley College as soon as the college debt of \$96,000 is raised. Look out for another advance in coal oil.

WHILE Gov. Beckham has his soldiers at Frankfort, why not arrest Taylor and have him tried for his many crimes against the law and society, if not, in fact, for the assassination of Gov. Goebel?

JUDGING by the concern Dick Knott manifests, Golden made a mistake in the name of the assassin. Instead of "Tallow Dick," could he have meant "Whey Face Dick?"

THE LATEST. BLUFFED.

GOV. BECKHAM CALLS OUT TROOPS AND INTIMIDATORS DECIDE THAT DISCRETION IS THE BETTER PART OF VALOR.

LOUISVILLE, Mar. 23, 8.30 A. M.—The intimidators were bluffing by Gov. Beckham's prompt action in assembling Maj. Allen's battalion, second regiment, at Frankfort, and decided to stay away from today's trial.

Gov. Beckham issues a statement strongly against bayonet rule, explaining that soldiers were called solely at the request of civil authorities.

Wharton Golden goes on witness stand today, but only enough evidence is to be produced to hold accused. The trial is expected to extend to next week.

Gov. Beckham approved bill revoking charter of Branch Bank of Kentucky, Farmers Bank of Kentucky and Deposit Bank of Frankfort. C. D.

FRANKFORT, Mo. 22.—On the urgent appeal of the citizens of Franklin county, Gov. Beckham decided to have a force of soldiers here tomorrow to assist the civil authorities should any attempt at rescue on the part of the mountaineer friends of the prisoners be made. A big army of mountain intimidators is expected and Sheriff Sutor will have 125 special deputies sworn in. Gen. Castleman is in charge of the military and says that Gen. Collier has promised his co-operation in maintaining the peace.

Five carloads of mountaineers left Harboursville for Frankfort yesterday and a railroad man said that 27 cars had been provided for the intimidators.

A consignment of arms containing 273 guns was conveyed to the sheriff's office this morning. These weapons will be in the hands of Beckham's soldiers, and perhaps it may also be used to equip a posse of special deputies, if reinforcements are deemed necessary.

Misses Ella Smith, Jane Catron and Lizzie Matthews, of Harboursville, have been summoned as witnesses in the examining trial of Powers and others at Frankfort today, who are alleged to have heard John Powers say he would kill Goebel if some one else didn't.

"Tallow Dick" wires from Beattyville that he is not guilty and will not run away.

About Conspirators and Assassins.

The Bowling Green jail bird who professed to know who killed Gov. Goebel, proves a rank fraud.

Having failed to interest McKinley, it is said that the Kentucky republicans are now appealing to Congress to come to their rescue.

The subsidized press has turned its squint guns on Lawyer T. C. Campbell, because he has been engaged to prosecute the assassins of Goebel.

Judge Riley, of Lexington, whom the republicans relied on to give bail to Powers and Davis, is to be tried on an indictment for malfeasance in office. It is said that Col. Colson advised Berry Howard and Wharton Golden to tell every thing they knew, if they knew any thing, of the conspiracy to kill Goebel.

It is stated that the L. & N. has been distributing passes in the mountains about to bring another army of intimidators to Frankfort to overawe the examining court tomorrow.

Dr. J. M. McCormack, who attended Gov. Goebel, testifies as to the course of the bullet through the body; that it had entered the right breast near the arm pit and ranged downward, passing out about an inch and a half lower than the point of entrance.

The lousy republican governors in the States of Indiana, New York, Maine, Vermont and Pennsylvania have assured the republican murderers and conspirators that they can find a safe haven with them, as they will honor no requisite from Gov. Beckham.

Wharton Golden, of Harboursville, who made a confession of the conspiracy to assassinate Gov. Goebel, told of in our dispatches in Tuesday's paper, is in Lexington closely guarded by the Commonwealth, and will be at Frankfort today, when he will make a clean breast of everything, he says. The mulatto, "Tallow Dick" Combs, who, he said, was selected to fire the fatal shot, was famous in the French Eversole feud, and was subsequently fined \$1,000 for violation of the liquor laws in Winchester, and escaped while working out the fine. It is said that he was hired in the feud named at \$5 a day to do the killing. He is said to have killed fully 20 men. He has been running a barber shop at Beattyville, but has not yet been arrested. The statement sent out from London that Thos. B. Cromwell got the register of the Catching's Hotel at London under false pretenses is denied by Cromwell, who says he paid Landlord McNear \$5 for

the book. In Golden's confession it is said he tells of a meeting at the Catching's Hotel on a certain day when leading republicans assembled there and started the movement which culminated in the assassination of William Goebel. On looking over the hotel register Cromwell found that on the day named by Golden all the republicans referred to by Golden as having been present were registered as guests of the hotel.

Receipts for his board, which the republicans paid for "Tallow Dick" Combs, show that he was in Frankfort at the time of Goebel's assassination.

Maeson Hookersmith, the Richmond Negro, said to be implicated in Wharton Golden's confession, has not been seen there for weeks. He stayed there last summer and fall, but no one knows of his whereabouts for some months past.

The charge that Golden made the statements he did while drunk is denied by his brothers. He is said to be a total abstainer.

Capt. Ben B. Golden, his brother, said a few days ago that if Wharton told all he knew several necks would be broken in consequence.

POLITICIANS AND POLITICS.

Judge H. C. Lilly was paralyzed at Irvine.

Senator Scott, of West Virginia, retains his seat.

In the 9th district republicans have called their Congressional convention for May 2d at Ashland.

Gov. Bradley gives it as his opinion that the contest over the governorship will be settled entirely in 60 days.

Editor John Melosh, of the Frankfort Democrat, will next week take a place in the office of Auditor Coulter.

John A. Blingham, ex-minister to Japan and the judge advocate who sentenced Mrs. Surratt, is dead at Cadiz, O.

Senator Wm. Lindsay introduced an amendment to the Porto Rican bill providing for free trade between the United States and Porto Rico.

Senator Morgan, of Alabama, introduced an amendment to the Porto Rican bill, providing for free coinage of silver, limiting the coinage to the American product.

A dispatch from Middlesboro says that Hon. George E. Stone, of Casey, is being urged to run as the democratic candidate for Congress in the 11th this year.

Hon. Harvey Helm, a sterling democrat of Lincoln county, wants to go as district delegate to the National convention and is highly spoken of by the press.—Cynthiana Democrat.

Judge Cantrell makes oath that when he swore Goebel in as governor, 24 hours before he died, that the latter was then in possession of both physical and mental powers to a surprising degree.

After argument by Senator Lindsay and Representatives Boreing and Pugh, the House committee on judiciary decided for a favorable report on the bill establishing two Federal judicial districts in Kentucky.

Capt. Jim Blackburn refused to "shake" with Gen. Basil Duke at Frankfort, when he proffered his hand and waving him off said, "Go away, general, go away." They were Confederate soldiers together and fast friends, but Duke's course towards Goebel was too much for him.

Various patriotic citizens have made claims aggregating \$20,000,000 against the government for alleged damages during the war with Spain. As that is the price we paid originally for the Philippines we might consider the wisdom of turning over the archipelago to the claimants and calling the thing square.—Louisville Times.

Gov. Beckham has decided upon Dr. J. G. Furnish, of Boone county, for superintendent of the Central Kentucky Insane Asylum at Lakeland. It is the most desirable asylum appointment in the State, and Dr. Furnish as a democrat and as a physician is deserving of it. He has been a member of the State Senate from Boone county during two sessions and was a warm and valuable supporter of Gov. Goebel.

Commenting on the various districts, the Courier Journal says: Congressman George C. Gilbert, of the 8th district, has no opposition, and is not likely to have any. It is the impression of some politicians that Gov. McCreary will be a candidate for Congress this year, but this is probably a mistake. The governor has something better in view. He will probably be a candidate for the United States Senate to succeed Deboe.

The House committee on military affairs reported favorably on the bill establishing a National battle field memorial park of 5,000 acres on the sites of the battles of Fredericksburg, Chancellorsville, The Wilderness and Spotsylvania Court House. The report states that more men were there engaged than in any battle in the world's history, aggregating at least 500,000, with losses in killed and wounded on both sides amounting to 129,838. The intrenchments over the entire field are said to be in a remarkable state of preservation.

This is the way that sterling democrat, John M. Logan, of Lancaster, talked to a Cincinnati Enquirer man: "There will be no doubt about the election in our State next November, for there will be a democratic avalanche that will bury the republicans out of

sight. The gold democrats are coming back en masse, in State elections at any rate, since the infamous assassination of Gov. Goebel. The crack of that Winchester rifle the morning of Jan. 30 sounded the death knell of the republican party in Kentucky for a generation. Nothing short of Gabriel's trumpet could resurrect it now."

GALLANT CAPT. C. W. Longmire, who is holding on like grim death to the armory at Lexington, wants to be assistant adjutant general and Lt. Rowan Saulley, who was with him in the army and knows his real worth, secured here in a very short time 55 names to a petition to Gov. Beckham, asking his appointment.

THE heirs of John Walton, of whom we are one of which, met at Cynthiana last week and decided to employ counsel to investigate the records with a view to establishing a title to the large estate in Philadelphia, valued at \$60,000,000. The proof seems to be pretty clear that a pretty big slice of the Quaker City belongs to his heirs, and we may be a millionaire yet, you bet.

BOTH HELD.—Mr. E. D. Kennedy was tried before Judge Bailey Tuesday afternoon for assault on Jim Green and held in \$100 to the circuit court. The proof showed that Green hit Howard Kennedy, a little son of the defendant, with an umbrella, cutting quite an ugly gash in his head. On hearing of it Mr. Kennedy, gave him a sound thrashing. Green was held also, for assaulting the boy, in \$50 bond.

THE NEGRO CAT'S PAW.—Dr. Bohon writes: That "Tallow Dick" will probably be implicated as the active intermediary in the Goebel assassination so preyed on Josh Swopes' feelings that his sleep was disturbed by a dream, in which the roof was lifted from the inferno and Josh commanded to look! behold! the myriads of republican representatives, conspicuous, and every one holding a nigger between himself and the fire.

GETS THE MAGAZINE.—Of all those who sent answers to the Mosaic poetry printed in this paper, Miss W. Mae Gillispie, of Class 1900, Somerset High School, is the only one who writes us that she obtained the authors' names by hunting them up and not by copying them from a newspaper, and we have sent her, according to her selection, the Century Magazine for a year. Miss Gillispie writes like a lady of much culture and we are glad to be able to furnish her such excellent reading matter.

WHEN the McKinney mail line was established we thought our troubles were over in getting our papers to the West End, but not so. Miss Edna Camnitz, who, with Mr. Jerry Adams was here Wednesday afternoon, told us that our Tuesday's papers had not gotten to Hustonville up to the time she left and Friday's paper did not come till Saturday. There is no earthly excuse for the delay. The papers are promptly dispatched from here and the fault lies in a careless mail man somewhere, whose identity we intend to disclose.

DREW A PISTOL.—Mr. Jas. Farmer was in yesterday to see the officers about arresting Bill Hale, who drew a pistol on his son, John, the day before. According to Mr. Farmer the two were engaged in a conversation, when Hale said he was going to swear falsely for a Negro. Farmer told him he ought to be ashamed of himself, whereat Hale presented the weapon, which was a "come quick" Smith & Wesson. Farmer told him he was unarmed, but if he would wait till he got his pistol, he would shoot it out with him. He started for it and Hale took to his heels.

INSURE your property with the Home of N. Y. Jesse D. Wearon, Agent.

WE must ask again that the subscribers to the fund for Hubble, Alverton and Embry pay at once. Mr. W. A. Carson a new subscriber, handed us \$1 for it yesterday.

SEVERAL of our republican subscribers, who do not like to hear assassins and assassination showed up in their true light, have ordered their papers stopped, but it is just like the killing of flies, of which it is said a dozen more came to attend the funeral of each. More than a dozen democrats have taken the place of each republican taken off our lists.

CLOSING UP THE RANKS.—Dr. Edward Alcorn and Mr. James Frye were here yesterday from Hustonville and the latter said in his dry way, "You know Dr. Alcorn has been a little short on democracy for a few years, but recent developments have brought him back to his first love and he is with 'us to stay hereafter." The doctor protested that he was, is and always would be a democrat. "That's right," said we to Mr. Frye, "keep him straight." "But who will keep Frye straight?" inquired the doctor, who remembered that he was a little cool last fall. "I'll never need anybody to do that," said Frye, "I didn't vote for Goebel, but I have long since seen where I was wrong and will hereafter show forth for democracy fruits meet for repentance."

A FAKE.—Some one threw a letter into R. L. Hubble's buggy at Danville Monday addressed to this paper, in which "H" addresses "Dear Jack" from London and tells him that he has sent another letter to the INTERIOR JOURNAL to "throw it off." The impression, it was intended to leave, was that in sending the two letters they had gotten mixed and we got the one intended for "Jack." It names a number of State officials past and present at the meeting of the conspirators, just previous to the assassination of Goebel, of how the assassins were selected by a black bean drawn from 103, three only being black, and how they were stationed in the executive building to do the shooting. The men named are from Clay, Laurel and Knox and the Laurel county man is given the credit for the fatal shot. The whole thing is such a glaring fake that the way faring man though a fool would not be taught by it.

MONUMENT FUND.—Mr. E. D. Kennedy came in with another batch of subscribers to the Goebel monument fund, which puts him in the lead of the county committee, and he says he is not yet done. The first 12 names below were given by him. He had previously given 15. We had received to last report:
